Questions from Council
- Does the AVCC receive any funding from the REN? No, they will not fund but will help with content production
- Are there other partners available for AVCC? AVCC is open to as many partnerships as they can create
b. **Wolfville Community Oven**

Adam Barnett & Duncan Ebata

- The idea of a ‘Community Oven’ was pitched to Town Council for the development of a community oven in the Robie Tufts Park.
- This concept would bring another level of dynamic to the Town by providing a community space.
- No funding request from the Town of Wolfville as the community group will be conducting their own fund raising. The purpose of the presentation was to seek support from Council.

**Questions from Council**

- If a group wanted to book the community oven for the day, is there a charge related to the booking? Yes, there would be a booking charge but estimated to be at a low-level of approximately $25.
- If someone wanted to book the oven, is there a priority listing of who books the oven when multiple booking requests received? A good question, but this issue has not yet been examined.
- How does clean up work – does the community oven have a water supply? The concept is ‘Pack In – Pack Out’.
- How does the Food Bank fit into this concept? This issue has been discussed but not yet planned – still being researched.
- Mayor Cantwell expressed thanks to Adam Barnett for the presentation.

**4. Question Period**

- No questions presented to Council.

Incentives for Infill Development

- Staff is working on the implementation of Bill 177 through work with the Town of Windsor. This legislation may be useful for encouraging infill development along Front St and the Rail Line in Wolfville

| e. Annapolis Valley Trails Coalition (AVTC) Councillor MacKay              | • The financial statements were provided, indicating that the organization is in good standing. An increase in spending, primarily due to travel expenses related to work being done at opposite ends of the trail concurrently, was offset by increased revenue from the Destination Trail grant and trail coordinator services rendered.  
  • The proposed 2018 trail projects were discussed, with Wolfville’s major project of re-routing the trail near the trail head location at the east end gateway on the slate. Also listed is Wolfville’s trail head development at the same location.  
  • The announcement of the Harvest Moon Trail’s inclusion as part of the Trans Canada Trail was discussed, and what this means in terms of increased funding opportunities, exposure and tourism in the area. The major point is that Federal funding can now be accessed due to this designation. |
| f. Wolfville Business Development Corporation (WBDC) Councillor Donovan    | • WBDC is participating in Wolfville 125 working group. Members will be asked to have 12.5 off sales the weeks around the March 25 Wolfville 125 event. A contest will be run for a chance to win a WDBC gift basket.  
  • HRM bill boards were reviewed. These will run for 4 weeks.  
  • The Wolfville Brand document will be used to market the brand in future WBDC promotions.  
  • Destination Acadia is exhibiting in Saltscapes. A partnership with WBDC, town and Acadia should be explored for this event.  
  • The cost for a light at skatepark Parking lot has been confirmed $25 a month. Permission is required from the town. This will be explored with the town.  
  • Affiliate membership confirmed as $200 + $10 per employee to a maximum of $500. A package will be developed to market to potential affiliate members.  
  • Parking continues to be identified as number one concern from members. A meeting is planned with town staff to look at plans to improve parking. |
