b. Canadian Masters Curling Championships (Gerald Giddens and Cathy Siddall)
   • Event to be hosted at the Wolfville & Kentville curling clubs April 4-10, 2016 with participants arriving earlier and likely staying longer in the area
   • 13 men’s and women’s teams representing all Provinces and Territories (except Nunavut) will be attending the seven day event
   • National event not funded by Curling Canada or other provincial bodies – curlers attending the event pay their own way
   • The organizing committee recognizes the importance of support from the communities in which the event is being hosted
   • The current budget for hosting the event is approximately $80K
   • Asking the Town of Wolfville not for a grant, but more to invest in partnering as host in this event
   • Promotional and advertising exposure for the event has already started and event coordinators are hoping that the Wolfville’s crest/logo will be placed in the ice at the Curling rink for the entire season leading up to the event
Questions from Council
- Is this an annual event? Yes, and will be the first time that it has been hosted in this area since 2005 (hosted in Bridgewater). The event will not come back to Nova Scotia until 2029 – hosting opportunity presented only every 13 years
- What kind of support is being sought? A number of categories for sponsorship are available - seeking this to be a partnership with the Town of Wolfville, seeking help such as traffic control and signage etc
- Inquiry to staff - where does this fit into our programming and budget? Staff have been working with the curling organizers to provide support to the event and it is considered to be part of the CPP application, coming forward to Council at the Special Committee of the Whole Meeting September 15, 2015 for consideration
- Budget is $80K. Built in club renovations for both venues looking at being accomplished within budget parameters.
- The budget will upgrade facilities to be prepared to host the event, and are there other costs and how are we planning on raising the money? There will be requirements for opening/closing ceremonies, opening/closing receptions and a banquet, along with a mid-week celebration. There will also be transportation costs involved with the event. The coordinators of the event are looking at making money through the charging of admission. Also fund raising/sponsorship push after having dealt with presentations to municipalities and towns – seeking support from private enterprises.
- Inquiry to staff – since the event will be happening in April 2016, are any contributions coming out of the 2016 budget? Contributions in support of this event are being considered as part of this year’s CPP application and funding.

ACTION: Staff to report back to Committee of the Whole at the September 15, 2015 meeting for consideration at Council meeting September 15, 2015.

      • Amazing to see the amount of parklands being maintained by Edmonton
      • The 2015 edition of FCM’s Annual Conference and Trade Show, with a focus on the 2015 federal election, delivered information and thought-provoking sessions designed to meet the unique professional development needs of municipal political leaders and senior staff. Under the theme “Today’s communities, tomorrow’s Canada” the event was a huge success and brought together more than 1,700 municipal leaders from across the country.

   b. Housing – Deputy Mayor Donovan and Councillor Brian
      • Deputy Mayor Donovan and Councillor Brian attended a session sponsored by St Mary’s University and promoted by UNSM regarding Community Land Trusts – Innovation Housing Approach to Affordability and Diversity.
Michael Lewis introduced the application Community Land Trust (CLT), a form of land tenure that blends ownership interests to create a balance means to blend private and community benefits.

Though applicable to a wide range of transition and affordability challenges, the focus was its proven contribution to creating perpetually affordable housing for diverse populations.

Community Land Trust seems like a powerful tool for affordable housing.

With respect to the MPS we might take a closer look at Community Land Trust.

Found the SEEN (Silver Economy Engagement Network) to be most interesting – a great opportunity to invite Gordon Michael to Wolfville, as he has expressed an interest in coming to Wolfville to speak.

This report provided a general update as well as background information on a service change currently being worked on by Fire Departments located within Kings County boundaries.

This report was prepared to provide Council with general information regarding the Fire Service, summary stats for the current year (calendar) & past years, as well as information related to current/proposed changes to how the departments within Kings County zone work together to provide the best possible service to residents/businesses.

A number of issues need to be put in place to ensure a successful event. There will be a significant amount of work required once the contract is signed. k. INFORMATION REPORT: MUNICIPAL ELECTIONS ACT PROPOSED CHANGES

Following each municipal and school board election, the Department of Municipal Affairs and an Elections Review Committee reviews election issues and related legislation. The committee is proposing 11 legislation changes to the Municipal Elections Act, which are outlined in the attached discussion paper, Municipal Government and School Board Elections Proposed Changes, Current Issues and Discussion Questions.

Staff have reviewed the proposed changes and agree that they will aid in simplifying the voting process and improve the voting experience for the public. If Council has any issues with a proposed change and wishes to officially submit comments to the Department of Municipal Affairs (DMA) that discussion should occur at the September 1 Committee of the Whole meeting.

In addition to the proposed changes DMA is looking for feedback from municipalities regarding campaign financing. It does not seem likely that changes will be made to the Municipal Elections Act for 2016; therefore, if Council feels this is an issue for Wolfville, direction should be given to staff to provide further information and recommendations to prepare policy for 2016.
