LATEST NEWS: Re-Opening Parks & Trails - Premier - May 1st

We are pleased to advise the Premier has just announced that municipalities can re-open their parks and trails, but not their playgrounds or playground equipment. Physical Distancing will remain a strict priority for anyone using the spaces.

In-light of this provincial announcement the Town of Wolfville parks are open and barriers will be removed over the next couple of days.

Please note that Tower Community Park will remain closed as it is located on Acadia property. As mentioned, all playground equipment in the Town is still off-limits to the public.
